demande

Drapelle is an elegant bench system for the hospitality sector featuring a high-quality, expertly crafted draped backrest in which the fabric is shaped into elegant folds. The folded fabrics may vary slightly in the size and depth of the pleats, giving each element an individually handcrafted character. The modular system consists of 60 cm and 120 cm elements as well as an inner corner (70x70 cm) and can be easily linked together to realise flexible room concepts. It is available freestanding or as a wall-mounted version with a tension fabric back. The frame can be selected in dining table or high table height and individually combined with feet and plinth panels in various colours. A wide selection of upholstery fabrics offers diverse design options, while the durable padding and precise workmanship guarantee professional use in everyday settings.

- High-quality, hand-draped back panel
- Special sizes on request
- High seating comfort thanks to an ergonomically optimised seat-back angle
